## 12 Progetto Bolide

Tankoa Yachts / Exclusiva Design

Italian yard [Tankoa Yachts](#) teamed up with Exclusiva Design for a new 72 metre concept called Progetto Bolide. Fabio Mazzeo, director of design at Exclusiva, said: "Tankoa is not looking to produce huge numbers, but to concentrate instead on superior quality, the direct consequence of the passion that permeates the entire company. Therefore Tankoa was seen and is seen as the perfect partner for our Progetto Bolide."

Superstructure glass is the key feature, with 260 square metres of glazing giving spectacular views out to sea. Meanwhile, the aft deck swimming pool can be drained and the floor raised to create a highly flexible entertaining space. Power would come from a pair of 2,682hp Caterpillar 3512B engines for a top speed of 18 knots and a 6,000 nautical mile range at 12.5 knots.
